ABOUT ME

Computer Science and Engineering undergraduate at JK Lakshmipat University with project experience in machine learning, databases, and deep learning. Interested in software development and applying data-driven methods to real-world problems.

EDUCATION

JK Lakshmipat University **August, 2024 – May, 2028**
Bachelor of Technology in Computer Science *Jaipur, Rajasthan*

RELEVANT COURSEWORK

- Data Structures and Algorithm - Machine Learning (Foundational) -Object Oriented Programming
- Database Management System -Computer Architecture -Design and Analysis of Algorithm

INTERNSHIP

Research Intern — Lung Nodule Detection | The LNM Institute of Information Technology (LNMIIT) **Jun 2026 – August 2026**

- Worked with the LIDC-IDRI lung CT image dataset, preparing images and masks for a deep-learning research workflow.
- Explored deep-learning approaches for lung nodule analysis, including EfficientNet-based models and U-Net segmentation; considered Grad-CAM-based visual explanations.

PROJECTS

1) Asteroid Risk Assessment System **Jan. 25, 2026 – April 2026**

Tech Stack**:** Python, Pandas, Scikit-learn, Matplotlib, NumPy, PCA

- Built a classification pipeline to predict hazardous versus non-hazardous asteroids from physical and orbital features.
- Performed EDA and preprocessing, handled missing values and duplicates, and compared Logistic Regression, SVM, and KNN models.

2) Power Management System – JK Lakshmipat University **September,2025 - Nov. 2025**

Tech Stack: MySQL, Docker

- Built a centralized **MySQL-based power management system** to track electricity usage across campus buildings and hostels, with optimized schemas and queries for efficient reporting.
- Designed **ER diagrams and normalized relational models**, then containerized the database using **Docker** for portable and scalable deployment.

TECHNICAL SKILLS

Languages: Python, C/C++, HTML/CSS, JavaScript, SQL
Technologies: React.js, MongoDB**,** MySQL GitHub, Docker
Framework: Scikit-learn, Pandas, NumPy, Matplotlib, OpenCV
OS Platforms: Ubuntu Linux, Linux Shell

LEADERSHIP / EXTRACURRICULAR

Participant, Smart India Hackathon **Sep. 2024,2025**

Sabrang (Annual Cultural Fest)

- Coordinator, Cultural Events **Oct,2025**
- Volunteer, Prize and Certificate Management **Oct,2024**
